"SEC. 10. The permanent investment of funds shall be in mortgages or liens on UN-ENCUMBERED REAL ESTATE WORTH DOUBLE THE AMOUNT LOANED."

ENCUMBERED REAL ESTATE WORTH DOUBLE THE AMOUNT LOANED."

We would also call attention to the rights secured in policy as part of the contract. Bights of party to non forfeiture in att its pulicies.

Rights of party to re-instatement—paid up policy, and surrender value where "intervention of armies" or any other cause outs the insured off from home office. This feature, omitted in policies of Northern companies, cost the Southern people very heavily in the late war, and should make them seek the only company that provides against such contingency in futre. Some companies now have in their policies, that parties who "take up arms against" certain named States, "or the United States," render their policy null and void. This is making certain what was before uncertain, and is too great a mingling of politics, war and life insurance.

"THE PIEDMONT AND ARLINGTON" has a model charter and model policy, plainly state rights of parties and guarding those rights against sacrifice.

"THE PIEDMONT AND ARLINGTON" has a model charter and model policy, plainly state rights of parties and gwarding those rights against sacrifice.

It gives dividends at the end of the first year, when all cash is paid, and of second year, when part loan is taken. The all cash plan is unreservedly recommended as in every way most satisfactory.

We now confidently appeal to every one interested in Southern prosperity to look to their own interests, by sustaining their own institutions, and thereby establishing that self confidence without which there can be no permanent prosperity. Bear in mind that already over \$10,000,000 are annually sent North for Life Insurance, taking so much from our strength, and thereby giving additional power to our competitors.

We offer a solid, reliable Life Insurance Company, thoroughly Southern, in the hands of men of the highest integrity, with abundant assets, recent ricks, the most secure of all investments, pledged to recain within the State of South Carolina all fonds accruing therein, and, indeed, presenting every advantage that can be desired; and we only sake a full examination into the superior merits of the "PIEDMONT AND ARLINGTON LIFE IN-SURANCE COMPANY" to insure your patronage.

The Company has complied with the law of the State, requiring a deposit of \$50,000 in State bonds, with the State Comptroller, for the better protection of policy holders.
